5:30 – 8 p.m.

Reserve: Call 651-225-6000 to schedule

Discover Our Special Exhibits

Opens Summer 2024

Explore Our Interactive Exhibits

Imaginopolis

Explore a mysterious forest with a whimsical twist in *Imaginopolis*. This fantastical play space inspires students to stretch their imaginations, shape their own adventures and build on each other's stories.

The Scramble

Students take responsible risks and build confidence in *The Scramble* as they navigate a spiral slide, two climbing towers and a netted catwalk suspended more than 40 feet high.

Socks required in *The Scramble*.

Creativity Jam

in the Target Gallery

Think creatively and challenge assumptions in *Creativity Jam*, a lively and bright collaborative space with surprising materials and lots of creative thinking opportunities.

Our World

in the Best Buy Gallery

Cooperating with others in *Our World*, students play various roles in a vibrant Minnesota city with a fire station, post office, food stand and more.

The Studio

in the Target Gallery

Gain confidence and stretch ideas about what's possible in *The Studio*. Students tinker, make and create in a mess-friendly workshop with real tools and authentic materials.

Forces at Play

in the 3M Gallery

Forces at Play encourages thinking outside the box as students devise their own challenges and dive into air and water play. Budding engineers build air-powered ping pong ball launchers and scrub a wacky vehicle in a sudsy car wash.

Shipwreck Adventures

In this fully immersive adventure, students will stretch their creative thinking skills as they explore a 20-foot-long shipwreck on the bottom of Lake Superior while learning about the plants and animals that are native to the North Shore.
